## NEW TRIAL DENIED IN BEEMER CASE

WILL CASE WHICH HAS BEEN MUCH IN COURTS, WILL PROBABLY BE APPEALED.

### CASE AGAINST MISS SHAW HEIRS

Action Taken That Disposal of Remaining \$2906.63 May Be Properly Distributed—Is Against the Two Brothers of Late Miss Elizabeth Shaw.

This morning in the Lee county circuit court, Judge Farrand, after listening to arguments for a new trial in the Beemer will case, overruled the motion. It is very probable that the case, which has been decided for each side in two trials, will again be appealed. In the first trial the jury held that the will was drawn by Mr. Beemer while in an incapable mental condition. The case was carried to the appellate court, which reversed it and remanded it for retrial. The second trial was held this term of court, and occupied nearly a week, at the end of which the jury upheld the will.

Yesterday Judge Farrand issued a preliminary order in the interpleader case started by George C. Dixon, executor of the estate of Elizabeth Shaw against the two brothers. The case was started to determine to whom \$2906.63 should be paid from the estate, several complications having arisen between the heirs, and which, had the case not been taken to the circuit court, would have delayed the settlement of the estate. The judge ordered that the money be turned over to the circuit clerk until the court determines to whom it shall be paid. The action allows Mr. Dixon to make final settlement of the estate and it is probable the interpleader case will be taken up on June 21st. Several orders in chancery cases of no public interest were also entered yesterday.

## 50 DIE; 100 HURT IN CUBAN BATTLE

Most Decisive Engagement of Rebellion Fought at Hatillo.

### GOVERNMENT ROUTS REBELS

Insurrectos Destroy Property—Estenoz's Men Give Receipts for Things They Take—Ernestness of Movement Shown.

Havana, June 1.—The most decisive battle of the revolution was fought at Hatillo, where a government force under General Mandita routed a rebel force, killing 50 and wounding more than 100. The rebels lost three killed and 17 wounded.

The battle followed the destruction of a German sugar mill by the rebels with a total loss of \$70,000. The rebels blew up the safe and burned several mill buildings and dwellings. This was the first attack by the insurrectos on foreign property other than American.

Rebels Destroying Property.

Santiago, June 1.—Apparently undaunted by the presence of the American gunboat Paducah at Daiquiri, the rebels are carrying on their reign of terror in this section, pillaging plantations, destroying property and threatening the inhabitants. All the railroad bridges between Sigua Berraco and the property of the Spanish-American Iron company, near Daiquiri, have been burned and the telephone wires cut.

The tug Frank Tenny has arrived here from Daiquiri with about 200 men, women and children who fled in fear of Estenoz, the rebel chief.

General Montenegro, commanding the government forces, ordered Colonel Marti, chief of staff, and Lieutenant Colonel Consuegra, to leave immediately on the Cuban gunboat Hatuey for Daiquiri and there inform the commander of the Paducah of the number and position of the Cuban forces, and that General Montenegro still considers the landing of United States troops.

Cuban Rebels Give Receipts.

Washington, June 1.—The fact that the rebel leaders in the Cuban revolution are giving receipts for property taken in the name of Estenoz is believed here to indicate that the movement is organized and earnest. In army circles the failure of the federal force to make headway against the rebels is believed to be due to the fact that the government forces have been compelled by dividing and attempting to furnish small detachments to many foreign properties which are demanding protection.

Taft Claims Full Authority.

President Taft holds that the executive, without further legislation by congress, has ample authority for intervention in Cuba when necessary. He so informed the Cuban relations committee of the senate in connection with the Bacon resolution to supplement the Platt amendment by enacting specific "authority of law" for what now would be an "assumed authority" to intervene. It was reported the committee might recommend that during a session of congress responsibility should rest upon that body by reference of the subject to it by the president, but that when congress was not in session the president should act as a free hand to act.

### STERLING LIVES PROBLEM

Berling, June 1.—Special to Telegraph—For many years past it has been a problem in this city to know what to do with the drunks, who go mad as a whale of a time and have to be then get pinched and have no money left with which to pay a fine, and then get their sentence on the

has been decided here that all prisoners shall work for their own ditch digging on the city streets.

### ITALIAN SHOOTSELF.

Sterling, June 1.—Special to Telegraph—M. Bartholomie, an Italian, was in this city, while cleaning a calibre revolver at his home last night, shot himself through the wrist, breaking one of the wrist bones. No serious results are anticipated provided blood poisoning does not set in.

### ATTENTION, W. R. C.

Members of the W. R. C. will be services in the West Side Congregational church tomorrow afternoon at 5 o'clock.

### MITCHELL AGENT HERE.

## STARS PLAY MORRISON HERE TOMORROW

DIXON LADS ARE NOT DISCOURAGED BY DEFEAT IN FRANKLIN.

### BROWNS GO TO WEST BROOKLYN

Newly Organized Team Will Play the Down-County Team—Ladies Free at Athletic Park Tomorrow. Tomorrow afternoon at 3 o'clock

the Morrison Independents, one of the fastest teams in Whiteside county, will meet the Dixon Stars at Athletic park, and the game should be one of the most interesting of the season. The Stars, right now, are playing the fastest kind of ball and with Keenan in the box, they anticipate giving the older and heavier players from the Whiteside hub a lively battle.

The Stars are not one whit discouraged by their defeat at Franklin Grove Thursday when, with the aid of Richenbaugh, of Mt. Morris and a number of other players, Franklin Grove won the game, score 4 to 2. Huber struck out 15 men, but lost through some poor umpiring, for the Franklin Grove boys did not like the reference made by the baseball writers after their visit to this city, that they resembled a ball team.

But the Stars have forgotten all about that and tomorrow will stack up against the Morrison bunch just as though they had never lost a game in their lives. Ladies will be admitted free, for the more the fair ones turn out, the more the players want them to.

### Browns to West Brooklyn.

The newly organized Dixon Browns will go to West Brooklyn tomorrow and they promise some good practice at the expense of the Brooklynites. A number of boosters of the new team are planning to accompany the players to the southern part of the county.

## GRADUATES RECEIVED DIPLOMAS LAST NIGHT

SENIOR CLASS OF DIXON HIGH SCHOOL HAD THEIR COMMENCEMENT

Dixon opera house was crowded to capacity last night, the occasion being the 48th annual commencement exercises of the Dixon high school, and the exercises were of a remarkably high class in every particular. The program was given as published in last evening's Telegraph and each number drew closest attention and spontaneous applause.

The address of the evening was delivered by Charles C. Morrison, editor of the Christian Century, and his remarks were of special moment to the young people who have completed their life in the public schools and who will now go forth into the world to fight their own battles. His subject was "An Affair of Honor," and he called upon the young people to give the very best there was in them to their life's work.

The diplomas were presented by Principal C. H. Anderson and delivered by Superintendent W. R. Snyder.

However, the local Frenzel has no relatives by that name.

## FRANKLIN TELLS OF \$4,000 BRIBE FUND

Detective Finishes Story and Is Cross-Examined by Earl Rogers.

### WITNESS INVOLVES SEVERAL

Slueth Admits Receiving Many Checks From Defendant in Which There Was Nothing to Indicate They Were to Be Improperly Used.

Los Angeles, Cal., June 1.—Assistant District Attorney W. J. Ford completed the direct examination of Bert H. Franklin in the Darrow trial after a process of interrogation which developed surprise after surprise and brought the names of half a dozen well-known citizens into more or less intimate relationship with the main events of the alleged bribery plot.

Darrow Gave Him \$4,000.

Here are one of the allegations set forth in Franklin's testimony: That Darrow personally gave him the \$4,000 used in the Lockwood bribery after going into an adjoining room with Job Harriman, an associate counsel for the McNamara defense, and coming back with the roll of bills.

That after his arrest Lecompte Davis tried to arrange that he should plead guilty and take a fine of \$5,000, to be paid by the McNamara defense, Franklin to receive \$3,000 and in return, to protect Darrow.

Must Involve Harriman. That Darrow at one conference insisted that if Franklin ever used Darrow's name he wanted him also to tell all he knew about Harriman's connection with the case—and that in the presence of Lecompte Davis.

He further testified that Franklin Fowler, an investigator, who gathers evidence for the Pacific Electric company, went to a prospective juror and asked him if he did not want to be a McNamara juror, at the same time laying four matches on a table and, as he pointed to each, said it represented a thousand dollars.

That he himself had offered a bribe to A. A. Kruger of Palms, who took it under consideration.

That he also offered bribes to three other men who indignantly refused the offer. They were Guy Yonkin, a well-known cigar dealer; Frank Smith of Covins and John Underwood, a Los Angeles contractor.

### Rogers Cross-Examines Witness.

Earl Rogers, chief counsel for Darrow, began Franklin's cross-examination at four o'clock. He brought out that Franklin knew his act of testifying made immunity sure for him. He emphasized Franklin's quick plan to turn on Lockwood and cause his arrest in the effort to save himself when he saw the detectives closing in on him on Main street. He hammered in the fact that Franklin meant to the last to revert to his plea of not guilty and fight for his liberty. He had not been placed on the witness stand and thus given immunity automatically, and most important of all he got into the records Franklin's admissions of a dozen payments to him by checks drawn by Darrow, in which there have been no showing of alleged use of the money for jury bribing.

## DOYLE SUCCEEDS SEC. OF STATE JAS. ROSE

FIRE MARSHAL NAMED BY GOVERNOR DENEEN THIS AFTERNOON.

Springfield, Ill., June 1.—Special to Telegraph—C. J. Doyle, state fire marshal, was this afternoon appointed secretary of state by Governor Deneen to fill the unexpired term of James A. Rose, who died suddenly Wednesday afternoon, and the new secretary was immediately sworn into office.

Following Governor Deneen's action, the republican state committee met and ordered that Mr. Doyle's name be certified to the county clerks as the party nominee for that office. Mr. Rose received the highest number of votes at the recent primaries and there was some question after his death as to whether Chester W. Church of Chicago, who received the second highest number of votes, should not be made the nominee.

Yesterday Church started suit to enjoin the canvassing board from certifying any other name than his as the party nominee, but today's action by the central committee forestalls any action that may result from Church's suit.

### Sterling Man Named.

Sterling, June 1.—Special to Telegraph—The news of Fire Marshal Doyle's appointment to the office of secretary of state was received with great interest here, inasmuch as Frank Morgaridge of this city has been chief deputy to the fire marshal ever since the office was established. ## NORTH SIDE PUPILS DO EXCELLENT WORK

EXHIBIT IN DRAWING, MANUAL TRAINING, SEWING, ETC., IS HIGHLY PRAISED.

### LITTLE ONES DO WONDERFULLY WELL

Baby Fingers Have Furnished Exhibits That Command Admiration—Instructors Have Done Their Work Well.

The exhibit in drawing, manual training, sewing, etc., held each year by the grades of the North Dixon school, was held yesterday afternoon and evening, at the school house. This exhibition gives a clear idea of the course of work planned and carried out during the year and was a revelation to many. The results that can be obtained by the little untrained fingers of the kindergarten primary pupils, on upward through the grades, showing steady improvement at each step, is wonderful.

Miss Pratt has the supervision of the sewing and manual training and Miss Ella Kentner has had general supervision of the drawing this year. The miniature beds and chairs, cabinets, etc., made by the boys is mute evidence of the interest and skill with which their work has been accomplished. The neat and sometimes elaborate sewing by the girls was much admired; in many cases dresses being made by the girls of the seventh and eighth grades.

The drawing and paper work in the kindergarten are all worthy of mention. The primary work in wool, with the tiny muff and box in yarn made by the little girls of the primary, called forth many expressions of commendation.

The paintings and drawings in all the grades are far above the average of the work accomplished in the public schools. Much credit is deserved by Misses Pratt and Ella Kentner for their painstaking work and indeed, all the teachers for the results from the work. All the work exhibited was done by the scholars with very little, if any, assistance from the instructors.

### Song Recital a Success.

A most delightful occasion was the song recital given by Robert Anderson yesterday in Macabec hall, his mother, Mrs. Anderson, receiving the hundred and twenty-five guests who responded to the invitations to be present. The hall was beautiful in yellow and purple, cut flowers, lilies of these colors, and ferns forming large bouquets.

The program was carried out exactly as printed below and each number was enthusiastically endorsed, but Mr. Anderson did not respond to any but the last number. His voice is strong and yet sympathetic and the range is large, as shown by the varied selections. Probably the sweetness of his high notes was better shown in the "Bedouin Love Song." Mr. Anderson surely has a future full of promise with the gift of such a beautiful voice.

Rev. Stone gave a reading which was enthusiastically endorsed and he responded with an appropriate number, which was also much enjoyed.

Light refreshments were served the guests after they had congratulated the young host and his mother on the success of the delightful afternoon.

## HOME HEALTH CLUB.

By Dr. David H. Reeder, LaPorte,  
Indiana.

**NIGHT SWEATS** — Lately the Home Health club has had numerous applications for a remedy for night sweats. This weakening annoyance is caused by a lack of vital force in the nerves of the skin, but it can be quickly stopped in a very simple way. The application of diluted acetic acid to the skin is always cooling, besides, it brings increased activity and is altogether highly sanitary, properly used. In night sweats, however, there is far too much activity of the skin without apparent provocation. Hence the remedy must have other simple ingredients that will give new life and tone to the nerves underlying the skin and penetrating it, that will increase the general activity and prevent too rapid cooling. This result will be found in the simple combination of common table salt, cayenne pepper and vinegar. In the salt is the material that prevents the rapid evaporation of the vinegar and therefore prevents the unpleasant burning sensation that the pepper would induce. The pepper applied as will be here directed, is a tonic for nerves, and in the acid is the cleansing, purifying agent that enables the pepper to penetrate the pores and scarf-skin in a manner to reach and stimulate the nerves as a tonic.

Take a tablespoonful of the salt, a teaspoonful of pulverized cayenne and a half pint of good vinegar. Mix these together in a half pint of boiling water. Let the mixture stand a few minutes, then strain it so as to remove the granular substances of the pepper; with the liquid, sponge the patient, at bedtime.

Generally, one treatment thus prescribed will stop the night sweats, but it is better, for more certain and effective cure, to use the remedy for three or four consecutive nights. The effect will be very gratifying to the patient.

Another simple and efficacious remedy for night sweats is to drink cold sage tea before retiring, using your own judgment as to strength and quantity. But the first named is more satisfactory and lasting.

## Club Notes.

Batavia:  
Dear Doctor: I have been troubled with my stomach for over two years. Am a farmer 28 years old; have good appetite, but stomach hurts for about three hours after meals. Get very weak before next meal. Stomach is somewhat dilated at times; also constipated.  
R. C. W.

Some of the symptoms which you have described would indicate the cause of your suffering is either a tape worm or worms. Would suggest that you fast for a couple of days and then take a good big dose of castor oil; then watch the stools for segments of tape worm, or ordinary round worms. If you will then write me again, stating just what you discover to be the condition, I will tell you what to do to overcome either condition.

## Orient.

Dear Doctor: Please tell me through your valuable paper a remedy for enlarged liver. My side hurts most of the time. What is best to eat? The swelling seems to affect my stomach. I have been troubled a little with gall stones, but not much. Have lost over 100 pounds in last few months.

Mrs. H. E. B.

Would suggest that for two weeks you observe the following: Every night before retiring take two tablespoonfuls of pure olive oil, and upon arising in the morning take one tablespoonful of cream of tartar in a glass of water. If there are any stones left this will clean them and will also relieve your liver a great amount of work, and aid in restoring it to a normal condition. I should then very carefully see your diet. Use very little of concentrated foods, but use plenty of fruits and vegetables and drink from one to three quarts of water daily.

All readers of this publication are invited to write for information pertaining to the subject of health any time. Address all communications to the Home Health Club, La-

Porte, Indiana, U. S. A., with name and address in full and at least four cents in postage.

## OF INTEREST TO WOMEN.

Mrs. Ella Flagg Young, superintendent of schools in Chicago with a salary of \$10,000 a year, says: I believe in woman suffrage. I realize that had it not been for Susan B. Anthony and the other women who were the pioneers in woman's cause it would not have been possible for me to teach in any more than the one room where I began.

Mrs. Ellen Spencer Mussey, LL. M., dean of the Washington College of Law and member of the board of education, is a candidate for the office of judge of the juvenile court of the District of Columbia. A new appointment will be made June 30th, and the women lawyers of the District have submitted the name of Mrs. Mussey to President Taft.

Miss Mabel Boardman of the Red Cross society, is working for the erection of a building in Washington to commemorate the services of the women of the civil war.

More than twice as many women as are needed have applied for enlistment in Women's Sick and Wounded Corps, the newest adjunct to the British army. The Corps takes part in practice drills, makes its camp, does stretcher work, and otherwise gets practical training for the regular service. When enlisting the women accepted by the recruiting officer receives the King's Shilling, to bind the bargain and makes them legally obliged to serve as part of the military establishment of the United Kingdom.

Of 29 students of the senior class of Northwestern University at Evanston, Ill., elected to membership in Phi Beta Kappa fraternity, an honor awarded for high standing, 24 are women.

The Michigan State Federation of Women's clubs, with a membership of 18,000, has endorsed woman suffrage and is making plans to render active service to the cause in the campaign now pending.

Men's Leagues for Woman Suffrage are being organized all over the state of Ohio. A new one has been formed in Clark county, and it is expected that the membership will soon reach the 1000 mark. The University of Pennsylvania is the latest great college to come forward with a Men's League, organized at the close of

meeting addressed by Rev. Anna Howard Shaw, president of the National Suffrage association.

The Westminster Men's Society for Women's Rights, of London, publishes a weekly paper called, The Eye Opener. Among other things, it deals with the present inefficient state of the law for the protection of women.

## DENEEN CALLS A

## SPECIAL PRIMARY

Bureau County Republican Gov. Deneen has issued a call for a special primary election in Bureau county to be held August 20, for the purpose of nominating a successor to Judge Joe A. Davis, who recently resigned as judge of the county court, upon his elevation to the circuit bench. The vacancy will be filled at a special judicial election to be held in connection with the general election on Nov. 5. County Clerk Fletcher was notified of the governor's decision last Thursday. The last day for filing petition has been set for July 20.

Three candidates, it is said, will enter the contest for the republican nomination, but there appears to be no movement among the democratic lawyers of the county to seek the office. Mayor R. L. Russell of Princeton, was mentioned as a democratic possibility, but he has issued a statement positively declaring that he will not be a candidate. The three republicans who have shied their hats into the ring are J. R. Pritchard of Buda, M. A. Stiver of Walnut and U. G. Hayden of Princeton.

PHIL WELCH JUGGED  
IN GALENA JAILDIXONITE INDICTED BY GRAND  
JURY AND TAKEN BEFORE  
JUDGE FARRAND.

Galena Gazette: Phil Welch of Dixon was indicted on the charge of petit larceny. He entered the home of Michael Moran on the east side a few days ago, and stole a coat and several other articles. He was taken before Judge Farrand this afternoon and sentenced to 20 days in the county jail.

When Welch entered the door of the court room he was recognized by the judge, who has known him for 35 years. The fellow had lived in and around Dixon, the judge's home, for many years and this was the first time that Welch has ever been arrested on a serious charge, although he was an inmate of the city jail at Dixon on an average about once every two weeks. About two weeks ago Welch went to the home of the judge and requested the loan of a dollar, stating he wanted to pay a friend he owed. He was intoxicated at the time and the judge refused the loan. The judge was somewhat surprised to learn that his old friend had been indicted by the grand jury and let the fellow off with as light a sentence as was permissible under the circumstances.

## CHRONICLE OF EVENTS IN ASHTON

**REV. SIMESTER GAVE ADMIRABLE ADDRESS—MANY PAID HOMAGE TO SOLDIER DEAD.**

### MARRIED MEN CAN PLAY BALL

Hold Young Fellows Down to a Tie Game—Eighth Grade Graduates—Modern Woodmen Hold Memorial Services Sunday—Secretary Bailey Will Speak.

May 31—Memorial day was a beautiful, almost cloudless day and an immense crowd turned out to do honor to the departed heroes. The Ashton band gave a concert on Main street at 1:30 p. m., and then led procession, which marched to the school grounds where the program was carried out, with a very able address by Rev. A. E. Simester, pastor of the M. E. church of this city. At the conclusion of the program the procession re-formed and with Marshal of the Day C. K. Northrup mounted on his steed, leading, followed by the Ashton band, the Boys of '61, the Spanish War Veterans, the school children and citizens, in autos and on foot, wended their way to the beautiful cemetery south of town, where honor was done to the soldier dead resting there. The exercises were simple but very impressive. The town was profusely decorated and the business houses closed during the exercises. Immediately following the return from the cemetery a baseball game was played on the Zellers diamond, between the married and single men. On account of having to start so late only seven innings were played and the married men, some of whom had not played for—well, a good many years, succeeded in holding the single ones to a tie game, the score being close, 5 to 5. Those who attended say it was a classy game and was enjoyed by the good crowd present. In the evening a social dance was held, in the opera house, which was attended by a large crowd.

### DON'T THE OFFICIALS WANT THE MONEY?

City Clerk Grover reports a peculiar situation, that of money for election judges and clerks being uncalled for. Really, the circumstance is alarming, for who in the world ever heard of an election official waiting five minutes after he knew his money was ready for him? However, the money for those who officiated in the special election May 14 has been getting in the way of the city clerk all the week, simply because those to whom it belongs have not called for it.

### HOW DIXON MAN IMPROVED POOR FARM

Hoard's Dairyman: I. B. Countryman, near Dixon, Ill., took a run-down farm of 135 acres seven years ago and has brought it up in that time to a highly productive state. A few things he does are of interest. He plows under the second crop of clover. He has laid five carloads of tile. He follows a three year rotation of corn, oats and clover. He uses all the manure of 22 cows and buys some in town. He has applied two tons of ground limestone and a half ton of rock phosphate. Half the farm has had one ton of phosphate to the acre. He rents the farm and his half amounts to \$1,750.—Freeport Bulletin.

### SAW WARD MILLER ON CUB BALL FIELD

### EDITOR OF MT. CARROLL DEMOCRAT HAS NICE THINGS TO SAY OF HIM

Mt. Carroll Democrat:—While in Chicago Monday we saw the ball game between the Cubs and the Cincinnati Reds, but Ward Miller did not play, except that he stood over at third base doing the coaching act. Ward was not on the bench because he has not been playing good ball, for he has. He made the only run the Cubs got on Sunday and the only two they got Saturday. But Artie Hoffman has not been playing a good first base, so Saier was placed there and of course Hoffman took his old place at center field, but he did nothing astounding. The Cubs won 4 to 1. Ward's brother Charlie of Dixon was in the grand stand and we had a short visit after the game.

## NEWS OF ILLINOIS

### A Telegraphic Chronicle of State Happenings.

### \$5,000 POLICY NOT CLAIMED

Life Insurance Company Has Sent to Aurora in the Hope of Finding Some One Who Can Take the Money.

Aurora, June 1.—A life insurance company has \$5,000 of which it would be rid, and has sent to Aurora in the hope of finding some one who can take the money without qualms of conscience. The \$5,000 is the face value of a paid-up endowment policy taken out by Elias B. Baldwin of Aurora in 1863. The company's receipts show that the premiums on the policy were kept up until the required amount was paid in, and then all trace of Baldwin and his family was lost. As nothing has been heard of them, the company assumes that Baldwin has died and that there is money awaiting his heirs who can prove their claim.

### Says There is Not Truth in Charge.

Chester, June 1.—Dr. Cyrus H. Anderson, superintendent of the Chester State Hospital for Criminal Insane, says there is no truth in the alleged statement of Charles Brettske, charging cruelty and brutality treatment to the inmates. He says he knows nothing of the wet towel treatment and that it was not practiced on Brettske or any other inmate. Brettske was sent up to Joliet on a mittimus from a Chicago court. He has been at Kankakee once and here three times. His conduct here was considered good and the authorities had no occasion to punish him for infractions of rules. Doctor Anderson further says that Brettske became incensed towards him because he testified against him when he was attempting to procure his release. Anderson's testimony was to the effect that Brettske was not of sound mind at that time hence not a fit person to be at liberty. Doctor Anderson also says he has nothing to conceal in the case and if furnished a detailed statement of the charges he will answer as fully as the situation seems to warrant.

### Couple Married Fifty Years.

The terminal line gets the right to run its cars to the heart of Peoria, while the McKinley people get valuable freight connections with the terminal and an outlet for two lines, one west and one southwest, now contemplated.

### Traveling Man is Wanted.

Sterling, June 1.—Warrants have been issued for C. H. Ball, the Chicago traveling man, who shot at Vernie Johnson with blank cartridges in an effort to get her to elope with him. The warrant was issued at the instance of State's Attorney L. M. Eckert. Ball is charged with assault with a deadly weapon. Miss Johnson, the young woman fired at and who became reconciled with her lover before he left town, is fighting the state's attorney in his effort to apprehend Ball.

## AN OLD-TIME MINISTER

### DEATH OF THE OLDEST MEMBER OF ROCK RIVER CONFERENCE.

Elgin News: The death of the Rev. Silas Searle on Sunday marks the passing of the oldest Methodist pastor of the Rock River conference and one of the foremost organizers and educators of the church in the entire west.

### Member of Conference 60 Years.

The Rev. Searle had been a member of the Rock River conference over 60 years and had held all of the important pastorates of the district during and before war days. He was essentially an educator and to him is given much of the credit of establishing the church in the Fox and Rock river valleys.

He had resided in Elgin during the last 25 years, and it was not until last fall that he consented to go to the home of his only daughter, Mrs. M. D. Johnson, at Storm Lake, Ia., where he died.

Born at Martinsburg, Lewis county, N. Y., Oct. 12, 1821, he moved to Ohio with his parents at an early age where he became interested in the work of the M. E. church and decided to become a teacher of that denomination.

With that end in view he attended and graduated from Western Reserve teachers' seminary with honors and later from Allegheny college, where he again acquired honors. He came immediately to the Rock River conference and became an instructor in the Rock River seminary, his wife also teaching there. It was in July, 1850, that they began their labors in this section and they continued until 1911, when on June 30, Mrs. Searle died.

The first pastorate was at Kenosha and he had charge of churches at Elgin, St. Charles, Sycamore, Kaneville, Tarrville, Wheaton, Kirkland, McHenry and many other cities. He was pastor of the first M. E. church in Elgin from 1856 to 1858; his last charge was at Barrington.

Twenty-five years ago he was superannuated and took up his home at Elgin. During all these years he has worked for the cause he represented when able and contributing letters and articles for publication.

## WEAK MINDED SON ATTACKS MOTHER

MRS. JOSEPH DOUBLER, OF WARREN, VICTIM OF AN ASSAULT ON SUNDAY

Warren, Ill., May 29.—Mrs. Joseph Doubler, of this place is in a serious condition as a result of mistreatment received at the hands of her son, Percy Doubler, a feeble-minded man of about 40 years, last Sunday.

Mrs. Doubler, who is 80 years of age, was alone in the house with the son on Sunday, the domestic having gone to church and her husband to the barn to do the chores, when the man was seized with a fit of anger and gave vent to his ire upon his old mother. Mrs. Doubler was kicked in the stomach, beaten and so badly maltreated that one of her hips was dislocated in the scuffle.

Though the citizens of Warren have for some time wanted the son taken care of, his parents declared he was harmless and he was permitted to remain with them. Monday however, Justice of the Peace M. S. Murphy went to Galena to take steps toward having the fellow taken proper care of.

### LOCAL BOARD MEETS

Valentine & Co., New York  
Gentlemen—I wish to say a good word in reference to Valspar. I have used this varnish in October, 1907, on extreme outside work where it was not protected from anything. This month we went back to same job and gave it one coat, finding this was all that was required as there was plenty of body still left, only dead here and there.

I have tried all kinds of outside varnish here before, but must say this is the best of all. I know there cannot be too much said about such an article, and I also know there are plenty of men looking for such varnish, but don't know where to find it. I shall never buy another as long as it remains what it is and hope many more will find out the good results it gives. I remain yours very truly,

R. S. LUCKENBILL.

As farmers in Canada are going  
broke and land prices tumbling, no  
one will buy it. I have talked and ad-  
vertised for ten years that only a  
third or less of either of the Pakotas  
was good for farming and the good  
part of S. D. too high to buy. The last  
two crops show what is best. Cavalier  
county had crops in 1910 that paid  
for the land and also in 1911. 1912  
promises much better and I will still  
give you a chance to pay for a farm  
with one crop. As an investment land  
here will pay better interest on \$100  
an acre than land in Ill. at the prices  
it is selling at as there so much of  
the rent has to be paid out for taxes,  
improvements and insurance. Having  
been here over ten years I predict  
Hundred Dollar land here in five to  
seven years. The farmers here are  
buying it and they are making money  
faster than any other farmers in the  
world.

## NOT THE ONLY ONE

THERE ARE HUNDREDS OF DIX-  
ON PEOPLE SIMILARLY SIT-  
UATED

Can there be any stronger proof  
offered than the evidence of Dixon  
residents? After you have read the  
following quietly answer the ques-  
tion.

Julius Gottlieb, 418 W. First St.,  
Dixon, Ill., says: "My back pained  
me for some time and I was often so  
lame and sore that it was hard for  
me to stoop. The secretions from my  
kidneys were irregular in passage  
and I was thus convinced that my  
kidneys were disordered. Seeing  
Doan's Kidney Pills advertised, I  
got a box at Leake Bros., Drug Store  
and commenced their use. My expe-  
rience with this remedy was very sat-  
isfactory and I am pleased to ac-  
knowledge the benefit I received."  
(Statement given April 14, 1909)

### A Lasting Effect

Mr. Gottlieb was interviewed on  
January 4, 1910 and he added to  
the above: "You may continue to  
publish my former endorsement of  
Doan's Kidney Pills. The relief they  
gave me has been permanent."

For sale by all dealers. Price 50  
cents. Foster-Milburn Co., Buffalo,

States.

## TELLS OF CULM DEAL

ARCHBOLD LETTERS EXHIBITED  
BEFORE HOUSE COMMITTEE.

Witness Details How Judge Attempted  
to Sub-Lease \$180,000 Pile From  
Lehigh Road.

Washington, June 1.—The largest  
deal involving leasing of coal lands  
from railroads by Judge Robert W.  
Archbold which has been described to  
the house judiciary committee was re-  
futed by George E. Kirkpatrick, super-  
intendent of the vast estate of  
Stephen Girard of Philadelphia. On  
the valuable lands of this estate are  
many coal mines in Pennsylvania.

According to Kirkpatrick, Judge  
Archbold attempted to sub-lease from  
the Lehigh Valley railroad a culm pile  
valued at about \$180,000, which was  
controlled by the Girard estate. Kirk-  
patrick produced letters written by  
himself and Judge Archbold in which  
the latter was quoted in this manner:  
"I can give you assurances that the  
Lehigh Valley railroad will not oppose  
this transaction."

Kirkpatrick explained that Judge  
Archbold called on him personally  
and urged him to release this culm  
pile. Kirkpatrick refused because cer-  
tain leases for coal mines to the rail-  
road were at that time being prepared  
for renewal.

That Judge Archbold feared the  
abolition of the commerce court be-  
fore the present session of congress  
was convened was demonstrated dur-  
ing the reading of personal letters  
which passed between himself and  
his nephew, James Archbold Jr., chief  
engineer of the Girard estate.

MAYOR DUMAS LOSES APPEAL

Minnesota Supreme Court Declares He  
Is Guilty of Arson in the  
Third Degree.

St. Paul, Minn., June 1.—Dr. D. F.  
Dumas, former mayor of Cass Lake,  
Minn., who, it was charged, planned  
the blowing up of the post office safe  
at Puposky the night of June 16, 1911,  
and added criminals in the act, is  
guilty of attempted arson in the third  
degree and his conviction in the dis-  
trict court of Beltrami county was  
warranted. The penalty is imprison-  
ment not to exceed three and one-  
half years. This is the decision of  
the supreme court handed down.

Says Roosevelt Will Be Named.

Lincoln, Neb., June 1.—That Theo-  
dore Roosevelt will be a presidential  
candidate either nominated by the reg-  
ular Republican convention or by a  
"rump" convention, is the prediction  
made by William Jennings Bryan in  
the Commoner.

### PROPHET IS 15 YEARS OLD

Hindu Regarded by European Theosophists as Precursor of "the Master."

Paris.—Theosophists of Europe have their thoughts directed toward Paris, for at Paris has arrived a new Hindu prophet who is regarded by many Theosophists as the precursor of the ultimate Master who is to give to the world its long-experienced mental transformation. He is a mere boy, only 15 years of age, and he comes from Adyar, India. At fourteen he wrote a book called "At the Feet of the Master," which has been translated into many languages, and which is said by Theosophists to be inspired by a high consciousness of human needs. To them the prophet, who is called both Krishnamurti and Aleyone, confirms by his presence the declarations of Mrs. Annie Besant in her address at the Sorbonne last year that a profound change was coming in the life of humanity and that it was to enter upon a new phase to be signaled by the coming of the Master, who was to establish a new religion.

The prophet presided at a meeting of Theosophists. He plans to pass about six months at the University of Oxford, to gain a knowledge of western culture, for he believes that in the new era there will come a union of western culture and of eastern wisdom. He predicts for the future the formation of a new continent in the Pacific ocean like the one called Atlantis, which, according to classical tradition, once existed in the Atlantic ocean. The prophet and his friends contend that the Bogoloff Islands, whose coming in the North Pacific was accompanied by seismic disturbances, are the nucleus of the new continent he has in mind. This physical earth change, he believes, will signalize a revolution in religion.

Laporte, Ind., June 1.—Louis Voss and August Spellan, railroad employees, were thrown between the cars of a Baltimore & Ohio train at Walkerton, receiving injuries that will probably prove fatal. ### Farmers' Biggest Money Maker

These are the very words one man used in telling us about his old reliable Saginaw Silo. He added: "It was a farmer owning only 20 acres, even if I had to borrow the money, I would have a Saginaw Silo." The Saginaw preserves your silage perfectly—gives you, at one-half to one-third the cost, an abundance of fresh-building ration for your fattening stock and the richest butter-producing feed for your dairy cows all through the winter. The Saginaw is built to last for a lifetime. It is as solid as a mass of granite. It can never blow down. Come in and let us tell you about the Saginaw's patented Inner Anchoring Hoop and the All-Steel Door Frame. No one else allowed to use them. Let us also tell you about the wonderful
